## 30th Anniversary Events & Activities

### Celebrating Community:

CFSOS will be hosting an **Anniversary Celebration Event** on April 20th, 2023 at the Penticton Lakeside Resort and a **Regional Celebration Event** on May 25th, 2023 at the District Wine Village. These events will see community leaders, supporters, and friends of the Foundation gather to celebrate and learn about the impact we have been able to make together.

### Celebrating Impact:

We are excited to announce the creation of a new Fund based on lessons we've gleaned from our efforts to engage more deeply with the charities we support. More about this Fund will be shared at our celebration events.

### Celebrating Voices:

We're starting a **podcast** to invite you to listen in on our conversations with various community leaders and builders as we take a deeper look at community issues that need addressing.

### Celebrating Legacies:

We're thrilled to launch our **Virtual Legacy Wall** to recognize and highlight our legacy club members - those who have committed to creating ever-lasting impact by making a gift from their estate or establishing an endowment fund. The wall on our website will feature legacy stories shared by these special individuals.

### Celebrating Insights:

The **Vital Signs Report** is our biennial report that measures the well-being of all of our communities in the South Okanagan Similkameen, providing data and information on a variety of issue areas organized around the UN's sustainable development goals. The report is a useful resource for organizations, charities, municipalities, volunteers or any community member that wants to learn more about the community's pressing issues and how they can help.
